

PEACE STILL TREASURY

P.I. Commerce Secretary Says Communism Still Real Peril

BOSTON — The Communist menace still exists in the Philippines despite execution and imprisonment of native leaders, a Philippine government official reports here.

Cornelio Balmaceda, secretary of commerce and industry for the Philippine republic, speaking before the annual banquet of the Harvard Business School association declared Saturday night:

"The menace of communism still exists and will continue to exist as long as the Communist organization is not completely wiped out and the conditions upon which it feeds are not wholly changed.

"It will continue to exist as long as the Communist can continue to threaten the peace of the world."

Mr. Balmaceda said documents seized from the 26 Philippine leaders disclosed "that an all-out revolution led by the Communists was to have started last November, 1950, and the leaders planned to deliver the country to Soviet Russia."

He said the Philippine Communists have a "very elaborate organization," including a national congress, a politburo and special warfare division.

"They also have an indoctrination school system scattered in the Iuk-infested mountain areas which they call State university," Mr. Balmaceda declared.

The Philippine government has adopted a program of military and economic measures to combat communism, he said. These include increased counter-intelligence, strong armed forces, increased food production, elimination of graft and corruption in government service, education and development of farm lands.

Referring to Communist attacks on Americans in the island republic Mr. Balmaceda said:

"The real objective of these series of attempts against Americans," he said, "was to stir up American feeling against the Philippines so that aid and cooperation from America would stop."

The Philippine official termed "one of the most effective measures" against the Communists has been the gift of land to dissident Communists.

"One of the new settlements," he said, "is exclusively for surrendered former Communists who are now living in contentment, happier and wiser. I am a believer in the free and democratic way of life."

Youth Commission's Work Limited by Lack of Funds

Severe limitation on the work of the territorial commission on children and youth is foreseen.

The 1951 legislature made no appropriation for the 1951-53 biennium to support and expand the work of the commission.

This situation is drawn to public attention by an "Information Bulletin" dated June 1, just issued by the commission. MRS. ANTHONY IS CHAIRMAN.

Mrs. J. Garner Anthony is chairman and Francis H. O'Neil is executive secretary of the commission. Other members are Martin Peck for Hawaii, the Rev. Minio Katagiri for Maui, James T. Okamura for Oahu and Father John H. McDonald for Oahu.

The 1949 legislature paved the way to establish the territorial commission by authorizing its appointment and appropriating \$10,000 for the 1949-51 biennium.

LEGISLATURE SAID 'NO'. The commission was however unable to convince the legislature that the money earned during the two years since 1949, an addition appropriation for the next biennium.

In January the territorial board of the budget recommended to the governor that the commission's request for \$33,370 for the 1951-53 biennium be disallowed.

The governor approved the recommendation. But the 1951 recommendation of the board of representatives passed an appropriation of \$821,675.

This was turned down by the senate ways and means committee and the senate backed the stand of its committee. So the bill as finally passed by both houses provided no appropriation for the commission.

LOOKS TO COMMUNITY. "The commission in its 'information Bulletin,' says that unless funds are made available through other community sources the commission will have to

function in a very limited manner," the professional services of its executive secretary and other staff.

It adds that "it will be available for the island commissioners to attend meetings in Honolulu, but that the commission otherwise will be so handicapped it will be virtually a 'paper organization.'"

IN ORGANIZATION STAGE. Addition to this brief report on the status of the commission is a more detailed report, listing accomplishments of the commission for the past year and a half—since it was established.

Most of the "accomplishments" are listed as meetings and discussions.

Delay in the governor's office in appointing the commission is cited in this report in delay in organizing the commission itself until December, 1949. Then it held its first meeting.

STUDENT FROM IRAQ LEAVES UNIVERSITY. Mohammed Sidik Jasim of Iraq, who has been studying at the University of Hawaii for two years, left June 2 for Louisiana State University.

On a scholarship from the Iraq government to study sugar technology, 20 year old student majored in chemistry while at the University of Hawaii.

A graduate of a preparatory college at Baghdad, he entered Hawaii's university in September, 1949. While here he was active in the Cosmopolitan club and the YMCA on campus.

He may be waiting for Candler

World War II.

Col. Soriano to Continue as head P.A.L.

MANILA, May 31—A one-year contract continuing Col. Andres Soriano as president and Soriano V. Compania as manager of the government-owned Philippines Air Lines was signed Wednesday.

Justice Secretary Jose P. Bergson, chairman of the board which has a majority of government-appointed members, and Col. Soriano, Spanish born naturalized American who served on the staff of Gen. Douglas MacArthur during the war, inked the agreement which brought to a close a six-week controversy.

Soriano, accusing some members of the board of "undue interference" and lack of confidence in the management, had threatened to resign unless operations were left in private hands.

All if his top executives had announced they would follow him out of the air line.

The new contract, it was reported provides that the management shall submit monthly budgets and any proposed changes of routes and fares to the board in advance.

DUQUE NAMED P.I. CHIEF OF STAFF

MANILA, May 31 — President Elpidio Quirino today named Calixto Duque chief of staff and promoted him to major general.

Gen. Duque who has been acting "in spacios" since the death of Mariano M. Castaneda, who retired.

He had been the actual commander since Gen. Castaneda left in January for Washington to obtain increased military aid from the U.S.

HENRY A. WHITE STARTS DRIVE AT A LUNCHEON

It's good business for business leaders in a community such as Honolulu to shoulder their share in supporting a symphony orchestra.

That's the general theme of a series of pre-campaign luncheon meetings for the Honolulu Symphony orchestra fund drive which got under way Tuesday.

More than 30 businessmen heard Henry A. White, fund campaign chairman, outline the reasons why business should contribute to the cultural activity of Honolulu and the territory.

The fund campaign designed to bring "more music to all of Hawaii" will start June 4 and continue until June 14.

One of the aims of this year's drive, Mr. White said, is to secure more active participation by the business community. A short talk was also made by J. Russell Cades, president of the symphony society.

Members of the fund drive business solicitee teams were also present at the meeting held at Hawaiian Pineapple C

RUBBER LOADED FREIGHTER RECALLED SINGAPORE

British freighter Nancy Moller edged back into Singapore's famed outer roads with 3,700 tons of Malayan rubber, originally destined for Communist China, said packed in her hold.

A royal navy news-wrecker escorted the Nancy Moller back to the great port which she had left May 12 — two days after British announced a ban on rubber exports to Red China.

Consul General Manuel Alzate extending Aloha to Gen. Ramos on his courtesy visit at the Consulate General on their stop over in Honolulu.

Dock Firms, Union May Draw New Contract to Avert Strike

Hawaii longshore employers and the ILWU may negotiate a new contract, if necessary, to avert a work stoppage June 15, The Star-Bulletin learned today.

"Off the record" discussions between the employers and the union looking toward this contingency have been held already, it was reported.

The intention is to write a contract giving longshoremen the same benefits they have been promised but in a form acceptable to the wage stabilization board.

New contract talks would be started if the wage board in Washington rejects the agreement signed here last February.

REPLACE PRESENT CONTRACT

The agreement, if approved by the wage board, would replace the existing contract ended the bitter six month longshore strike in 1949.

The ILWU Monday informed the wage board that longshore members "do not intend to work out of contract after June 15."

Wage board approval is needed because the pending a

greement exceeds the 10 per cent wage ceiling.

A wage board panel handling urgent cases was to have considered the Hawaii proposal Tuesday but apparently did not get around to it.

Longshore employers say they would have heard from Washington if the panel had taken up the Hawaii case.

The agreement the wage board is asked to approve, would give a 10 per cent hourly increase, retroactive to February 1, over the basic wage rate of \$1.61 an hour.

In addition longshoremen would receive a 5 cent raise on July 1 if a pension plan is not worked out by then, and an additional 5 cent increase on January 1, 1952, if no pension plan has been negotiated by that time.

Five island girls, the first to enlist in the marine corps from the territory, are shown as they line up at Parris island marine corps recruit depot. In front row are Barbara Haina and Violet Makima. In the rear are Frances M. Pun, Marjorie Santos and Pauline Sham. Lining them up is marine Private 1st Class V.K. Eaton of the South Carolina depot—Marine corps photo.

Gen Castaneda quits as chief of staff.

MANILA, May 31—Maj. Gen. Mariano M. Castaneda has resigned as chief of staff of the Philippines army. His resignation was promptly accepted by President Elpidio Quirino.

His move leaves the way open for Brig. Gen. Calixto Duque who was named acting chief of staff the day Gen. Castaneda's resignation was accepted in January, to assume the title as well as the duties of the top military leader of the Philippines.

National Defense Secretary Ramon Casas P. Monzon had no secret of the fact he was dissatisfied with Gen. Castaneda as chief of staff, since the secretary took over the cabinet last fall.

He said the Army had been much wrenched by political favorites under Gen. Castaneda and more officers were spending the nights and week ends with their families in Manila than were in the fields with troops against the Huk.

Then Gen. Castaneda was suddenly "ordered" by Mr. Quirino to accompany Foreign Secretary Carlos P. Monzon to Washington on a "military mission."

The "mission" of Gen. Castaneda in Washington puzzled American military and state department officials here.

They said they knew of no reason for direct talks between the Philippines army chief and when both Ambassador Myron C. Cowen and the commander of the joint United States military advisory group, Maj. Gen. Leland S. Hobbs, were in daily touch with Mr. Quirino and the Philippines national defense department.

No one here has ever disclosed why Gen. Castaneda was ordered to leave Gen. Romulo's party in Honolulu while en route to Washington weeks later. Since that time he has inspected a number of American and European military establishments.

He returned here Thursday. Gen. Castaneda's resignation was announced by Mr. Quirino late Sunday night. The president said Gen. Castaneda is on terminal leave of five months and will be permitted to live in his home at armed services headquarters at Camp Murphy until he finds another residence.

DOCK FIRMS, UNION TO SEEK PENSION PACT

Representatives of longshore employers and the ILWU were preparing today to work out a tentative wage stabilization board's failure to approve their wage-pension settlement in its conference.

The board Wednesday approved wage increases of 10 cents an hour effective February 1 and 5 cents more July 1. But it did not act on pensions.

The ILWU insists that unless the entire "package deal" is approved, existing contracts will expire Friday midnight.

The wage-pension agreement signed last February was intended to replace the existing contracts contingent upon approval by the wage board.

Honolulu longshoremen will hear reports on the status of negotiations at a special stop work meeting at 7 a.m. Friday.

A union official said the wage-pension agreement

Philippines Look for Tourist Trade

Signs of better times in the Philippines.

President Elpidio Quirino has signed a legislative bill creating a Philippine tourist bureau. The bill carries an appropriation of \$75,000 for operation during the coming fiscal year. The bureau will attempt to revive the tourist trade of the Philippines.

Approval of this bill and establishment of the bureau shows two things:

1.—The worst of the "Huk menace" is over. The lawless Hukbalahaps (a semi-political, semi-bandit type) are being subdued; their operations much reduced and the inglorious forces of the wily leaders are being disillusioned.

2.—Thoughtful Filipinos realize that tourists bring "real money" into their country; and the Philippines sorely needs all the dollars and dollar credits they can get.

The Philippines have much to offer tourists who will recognize, and accept, the conditions of the country into which they go.

The great Philippine archipelago was terribly devastated in World War II. Great achievements have been wrought in reconstruction. But the country is only slowly and sometimes confusedly struggling back toward normal.

Outside Manila good hotel accommodations — accommodations which will satisfy the luxury loving American traveler — are rather few. And Manila itself is greatly overcrowded and, at times, American travelers must "watch their steps" to keep out of trouble with lawless elements.

Even with these handicaps, travel in the Philippines is extremely interesting. And the people are friendly to Americans, naturally hospitable, conditions of travel, especially by air, are excellent within the archipelago.

Hawaii can well afford to encourage tourist travel to the Philippines. In fact, the "resort countries" of the Pacific can effectively coordinate their efforts. This would attract the attention of millions of Americans to the great Pacific area, and give such travelers a wide choice of vacation spots.

Once a tourist has come into the Pacific — breaking the European or South American or Caribbean habit — that tourist becomes an enthusiastic salesman for future Pacific travel.

U.S. OFFICIALS SEEK TO HEAD OFF SHIP TIUPE

WASHINGTON, — Federal mediators today scheduled peace talks with spokesmen for ship radio operators and licensed engineers as the government move to avert a possible national maritime strike at midnight Friday.

Cyrus S. Ching, federal mediation chief, asked representatives of the American Radio association (CIO) to a meeting Wednesday and the Marine Engineers Beneficial association (CIO) to a conference Thursday.

BOTH UNIONS, along with the National Maritime Union (NMO) have demanded wage hikes and other benefits refused by shipping companies in new contracts to replace agreements expiring Friday.

President Joseph Mike Curran of the NMU already has accepted an invitation to meet Ching and assistant mediation service director Clyde M. Mills at 2 p.m. EDT, Tuesday. They hope to pave the way for peaceful settlement of a potentially crippling dispute.

CURRAN, whose 70,000-man union, representing East and Gulf Coast seamen, holds the key to ending the dispute, plans to attend a meeting of CIO vice presidents before his conference with Ching. He may receive a resolution supporting the demand of the maritime organizations for a

PHILIPPINE AIR LINES REPORTS \$291,211 PROFIT FIRST QUARTER

Philippine Air Lines reports record profits for the first four months of their international and inter-island operations.

The profit shows a \$82,422 peso profit, which is the equivalent of \$291,211. According to Colonel Andres Soriano, president, this figure compared with a loss of 308,431 pesos, the equivalent of \$154,215.50 for the corresponding period in 1950.

However, at the conclusion of 1950 PAF, showed a net profit of 325,000 pesos, or the equivalent of \$302,500.

PAF's routes operate over 25,000 miles covering two-thirds of the world with four operations per week through Honolulu en route to and from the Orient and Europe.

ILWU's recent "no work, no contract" declaration will be discussed.

Privately, both employer and union sources have minimized the danger of a work stoppage after Friday midnight. They have expressed a desire to work out their mutual problem through conference.

ILWU member employed by Castle & Cooke Terminals, Ltd., and McCabe, Hamilton & Renny will attend the Friday stop work meeting, Joseph Kealaio, longshore president said.

The Central intermediate school has been selected tentatively as the meeting place.

Mr. Kealaio said stevedores in the out-ports will meet tonight and Friday.

Louis Goldblatt, ILWU secretary-treasurer from San Francisco, and other union officials have been encouraged by the failure to approve the entire wage-pension agreement.

IT WAS A PLEASURE

This columnist was honored when asked to be principal speaker at the banquet the Fathers of Sacred Heart Church, Punahou, tendered the championship baseball team of the Junior Interscholastic league.

The occasion last Monday night was ennobled by our very good friend, the astute Frank Valenti of KPOA who is keeping thousands of listeners entertained with his broadcast of major baseball league games six times a week.

Frank told the champions that some day they would realize what it meant to win a title, that they would be even prouder of their feat as the years went by.

WINNING NOT EVERYTHING

He told the boys that winning wasn't everything, but it's the way the game is played that counts. Frank let out a secret. He said the St. Louis Cardinals had club was his favorite.

In introducing Father George Powers, M.M., Frank mentioned Father's great interest in the Boston Red Sox. The good padre who loves a good clean job as much as the next man, was his usual eloquent self.

He made his talk short and reminded this writer that following suit was the order of the night. Father Powers allowed as how he didn't accompany the Maryknoll team to a single game this year for fear his heart wouldn't stand the strain.

TOUGH WAIT

He probably had his heart more over-taxed waiting at the rectory for the results of the game, than had he been watching the boys perform on the field.

As an aside to this columnist Father Powers said that Maryknoll would make an application for entry into the Senior Interscholastic league in baseball and basketball.

WILL GET HELP

If Father Powers need any help along those lines, I'm sure Frank will go all out in his assistance to make Maryknoll a member of the senior prep loop in those sports. And that is ditto for your press box.

With the material at hand for basketball and baseball next season, I really don't see how Maryknoll can miss making a representative showing in the top prep loop in Honolulu.

"Fat" Nalamura of the Kaimuki nine told this writer that he had a good team coming up in baseball the next two years; that he display a team of sophomores this season.

WILL FIELD GOOD TEAM

If Kaimuki can be considered a threat to the top teams in baseball with the current sophomores on its roster, then the team that Maryknoll will field next year in baseball ought to be near the top. I sincerely hope that Father Powers goes through with his desire to enter the Punahou Street in the senior prep school loop for next season.

Coach Larry Martin, baseball coach, feels he can cope with most of the schools in the prep loop. Larry is a smart baseball man who knows where he speaks.

GRAND JOB

He did a grand job with his junior varsity and feels the team will learn nothing more from playing against the same kind of competition next year.

Larry and Al have handled boys for many years and know what they can do. Appears to me the thing to do is make that application immediately and ask the school league for a hearing. With proper arguments at the interview, I don't see how the school loop can turn the Maryknoll authorities down.

MARYKNOLL ATHLETIC POWER

Maryknoll is well known around the islands for its academic standing. Now let's see Maryknoll get into a league and take its place among the athletic powers among the schools on Oahu.

But to get to be a power, Maryknoll must get into top school competition. In this way better athletes and good students who like the glamor of play sports, will come to Maryknoll and stick to bring glory to the school.

Honored guests at the Maryknoll banquet include the girls volleyball team which won a title in the CYO league; Fathers Hubert Wintagen, James Kekumano, George Flick and James Boglarsky the whiz athletic director at Maryknoll.

And Mr. and Mrs. Bill Knowles, Mrs. Martin and Mrs. Espinda who accompanied their husbands to the banquet. Boys from the high school were also present.

I'LL BE WATCHING

We expect Maryknoll's application for entry into the senior high school to be sent in soon. I'll be watching that event very closely.

DADO MARINO DECISIONS SHIRAI

TOKYO, May 21—World flyweight champion Dado Marino won a close decision from Japanese flyweight champion Yoshio Shirai tonight in a 10 round non-title fight before 20,000 in Korakuen stadium.

There were no knockdowns and Marino's showing was a huge disappointment to Japanese sports writers, who had picked him to win by a knockout before the fifth round.

Marino won the decision by aggressiveness and by landing more of the few real clean punches registered throughout the fight.

Referee Kuniharu Hayashi scored 98 points for Marino and 96 for Shirai. Judge Isamu Ito scored 100 for Marino and 92 for Shirai, while Judge Koshio Abe scored 91 for Marino and 98 for Shirai—a total of 289 for Marino and 286 for Shirai.

Marino weighed 118 pounds—two pounds over the contracted 116 pounds—and Shirai, 112 pounds. Shirai's manager protested against Marino's failure to make the prescribed weight, but compromised to let the fight go on as scheduled with Marino wearing 8 ounce gloves and Shirai 6 ounce gloves.

Both fighters were cautious as the fight started, especially Shirai who backpedaled to stay away from Marino's highly touted left hook. Marino scored heavily in the second round with lefts and rights to the body and face but could not put Shirai away.

The third round was even and the fourth and fifth slightly in Marino's favor, largely due to his aggressiveness.

GAINS CONFIDENCE

Shirai apparently gained confidence because he had weathered five rounds and decided to fight in sixth round. But Marino cuffed him with lefts and rights to the body. In the seventh there was little action as Shirai backed away.

Marino started the eighth with a good left to the face but Shirai countered with a straight left to the head, then followed with a right to the face. Shirai had Marino on the defensive for the first time and scored heavily.

NINTH WAS EVEN

The ninth round was even. They clinched for the greater part of the 10th and Shirai elected to trade blows. He swung lefts and rights with abandon trying to turn the tables on Marino but the champ eluded most of those punches by rolling his shoulders.

It was Shirai, however, who was the aggressor and he took this round as his final blow.

Marino was handicapped by a chilly wind which blew across the stadium and had spectators shivering.

LOUIS FERNANDEZ TO FIELD TEAM IN N.B.C.

Hawaii will definitely have a representative at the National Baseball Congress in August at Wichita, Kans.

Louis Fernandez, franchise owner of the Braves, said he will take a team to the nationals. Of course, the approval of the Hawaii Baseball league is necessary, but that is only routine matter, according to Fernandez.

Fernandez, who sponsored the Braves to the Congress last year and dropped around \$10,000 made such a hit at Wichita that in doing so, said the Hawaiians are being deluged with letters asking their return.

Fernandez expects to depart from Honolulu around August 1. He has booked the team for games in Fresno, Madera, Merced, Atwater, Modesto, Stockton and San Jose in California.

His billing will take the team also to Reno, Nevada; Salt Lake City and Ogden, Utah, and Denver, Colo.

The Hawaii team will play at least 20 games before it arrives at Wichita, August 20.

NISHITA HELPING

Ken Nishita, former Asahi pitcher, is handling the details of the exhibitions from the end. Ken Zanamura is the representative on the coast. Ken, now a resident of California, once played baseball in the Hawaii league.

Fernandez said he would consider as many members of his Braves team as possible, but is out to get the strongest lineup for the trip.

FERNANDEZ TO HAVE 7-POUND ADVANTAGE

Frankie Fernandez will have a weight advantage of some seven pounds over Freddie Dawson, Chicago, in their 10 round fight next Tuesday night at the stadium.

Dawson scaled slightly over 139 following his workout yesterday at the Veterans gym.

Contract weight is 147 pounds. Frankie is expected to hit the scale at about that weight.

Chicago's top ranking lightweight title contender, Dawson had his first local sparring yesterday.

He worked three rounds with the big gloves, two against a couple of amateur boys and one against Middleweight Ike Patton.

Freddie opened up on Patton. He displayed a good, two-sided body attack. He's particularly sharp with his jabs and hooks.

Although a lightweight, Dawson has been fighting more welters than 135 pounders in the past few years.

"I like 'em big," explained Freddie. "They're slower that way and easier to hit."

Richard Choi, is expected to spar with Dawson today or tomorrow in addition to Patton.

RURAL RED SOX STARS WAITING SCAP APPROVAL

Kats Kojima, long ball hitting outfielder of the Rural Red Sox of the Hawaii league and Larry Yaji, classy shortstop of the same team, will leave in three weeks to play prep baseball in Japan.

The announcement came from Oan Nishimura, manager of Chemi-Pure Chemical Co. who said he completed arrangements for the boys to perform for the Tokyo Flyers of the Pacific league of Japan.

The negotiations were consummated with Hajime Sarumaru, president of the Flyers and are subject to the approval of SCAP. However, Nishimura said he expects the blessing of the far east command and has told Kojima and Yaji to prepare for the trip.

IS POWER HITTER

Kojima is one of the most feared batters in the Hawaii league. He is the kind of slugger who is a home run threat every time he swings a bat.

Kats is a fast fly ball chaser and is one of the reasons the Red Sox team has been a top-flight club in the FBI.

Yaji is considered the peer of short pitchers at the stadium. He is a sharp hitter and deadly in the clutches. Larry has also been sought by American teams in the west and mid-west.

WILL JOIN OSHITA

The Hawaii boys will join Hiroshi Oshita who played here with the Mainichi Orions early this year. Oshita was voted the most valuable player of the Orions-Hawaii series.

Another Hawaii boy, Wally Yonamine has been offered a contract by the Yomiuri Giants of the Central loop of Japan. But Wally has not divulged whether he will take the trek to Japan.

Yaji and Kojima will be the first Hawaii boys to play pay ball in Japan since the war. There were several who made their living in baseball in the land of the cherry blossom before the war.

BRACE BROTHERS PIN TEAM RETAINS LEAD

Grace Bros. Ltd., remained on top of the Businessmen's Handicap Bowling league with a 2-1 victory over Acme Electric Monday night at Kapiolani Bowl.

Two clean sweeps were registered as New York Dress Shop blanketed Industrial Service and The Star-Bulletin whitewashed American Factors.

Rival Fernandez sparred four rounds against amateur boys yesterday at Lau Ah Chew's gym. He trains daily around 4:30 p.m.

By Carl Machado

Iolani, coached by the Reverend Kenneth Bray, had little competition in winning the Inter-scholastic Baseball league title this year.

Father Bray's boys led by Douglas (Lefty) Matsuo swept through eight games and three games in the round robin tourney for an undefeated record for the year.

The baseball crown is the third major diadem Iolani took for the school year of 1950-51. St. Louis gave the Day-men the competition in football and tennis to have had the basketball championship tied up but the Raiders came from behind to overtake the Crusaders.

There was never a doubt that the Red Raiders would grab the prep school baseball title after they defeated Mid-Pacific Institute, 18-6 in their opening game.

Kamehameha fell next by 7-3. McKinley Tigers had their teeth taken out to the tune of 13-4. The Kaimuki Bull Dogs gave Matsuo an awful lot of trouble before they quaked before Iolani won that game, 6-5.

The Kaimuki joust was the last and only time Iolani was pressed to win. The Red Raiders went on to trounce St. Louis, 6-2; Farrington, 14-5; Roosevelt, 19-0 and Punahou, 16-2, in the regular season.

The round robin tournament featuring Iolani, Farrington, St. Louis and Kamehameha only made the standings in favor of Iolani far greater.

Iolani defeated Kamehameha, St. Louis and Farrington by scores of 5-2, 11-6 and 14-2, respectively. St. Louis beat Kamehameha, 1-0; Kam trounced Farrington, 5-1 and St. Louis sent Farrington down, 4-0.

The standings including all games for the nine teams in the school league for the regular and round robin series showed:

	W	L	Pct.
Iolani	11	0	1.000
St. Louis	7	4	.636
Kamehameha	7	4	.636
Farrington	5	6	.455
Mid-Pacific	4	4	.500
Kaimuki	4	4	.500
Punahou	2	6	.250
McKinley	2	6	.250
Roosevelt	0	8	.000

A SHOOTING MATCH

It was a shooting match right to the final bell after Lopes shook off the effects of Davis' first punch, a hard left to the mid-section.

The Sacramento junior lightweight, who weighed in at 131½ pounds against 132½ for Davis, threw a swift barrage to the head and body to cop the second round.

Davis piled up an early lead with overhead rights in the face in the next four heats, but found Lopes a clever and willing opponent.

Davis bled up an early lead with overhead rights in the face in the next four heats, but found Lopes a clever and willing opponent.

Davis bled up an early lead with overhead rights in the face in the next four heats, but found Lopes a clever and willing opponent.

ALOHA WEEK

For the past four years we have celebrated Aloha Week early in November—and quite a celebration it has been every time. The parades have been interesting, the pageants thrilling, the displays in ornate and enjoyable. There's been the usual amount of foolish sentimentality about it, of course, as there always is with Lie Day and other occasions when people get excited about "old Hawaii!"

and get deadly serious about such items of "Hawaiian culture," the ukulele, "feather cloaks" made of crepe paper, pre-Captain Cook "princesses" in modish rayon hula costumes of contemporary print and so on.

The original Aloha Week was sponsored by the Old-timers of the Junior Chamber of Commerce, and when the idea took hold, the JC Oldtimers found themselves stuck with it. Nothing daunted, they carried on for the second, third, and fourth celebration. But last year the response to their fund drive wasn't good enough, and the organization found itself holding the bag for deficit of several thousand dollars.

Not long ago the Oldtimers announced that they couldn't afford to risk another such deficit, and they were therefore cancelling this year's celebration of Aloha Week. The News was greeted with a wail of unbelieving despair. Aloha Week was such a good thing that the Oldtimers mustn't abandon it. And so on.

Aloha Week is a good idea. It is primarily a business venture. It was instituted in the hope that it would attract tourists to Hawaii at a time of the year when normally little light. The more tourists attracted by Aloha Week, the fewer empty hotel rooms there'd be; the more business there'd be for taxis, curio shops, restaurants, and other ventures which thrive on tourist trade. And that's just as well to have the celebration put on a sound business basis, with its budget guaranteed before preparations for pageants, exhibits, and sports events are made. Somebody had to start it—and we owe the Oldtimers a debt of gratitude for doing that. But Aloha Week should go forward "on its own" from now on.

It's just as well to have the celebration put on a sound business basis, with its budget guaranteed before preparations for pageants, exhibits, and sports events are made. Somebody had to start it—and we owe the Oldtimers a debt of gratitude for doing that. But Aloha Week should go forward "on its own" from now on.

The Flag of the United States—Freedom's

Banner

Design, and checked gingham "malos" which look like grade-school replicas of lodge-aprons (worn over historic knitted swim trunks, of course!) But it was all in a spirit of good clean fun, and we like it.

The authority for this change was voted by congress in 1813 when the present policy was decided upon—a flag of 13 alternate red and white stripes with a field of blue containing as many five pointed white stars as there are states.

For a time, a new stripe was added as well as a new star. When Vermont and Kentucky were admitted to the union in 1795, the flag was changed from the original 13 stars and 13 stripes to a flag of 15 stars and 15 stripes.

It was obvious that in time, as more states were admitted, the flag would get too big to handle, and so the present policy was agreed to.

The busy cross legend surrounding the first American flag is one which was preserved through historians long ago questioned its authenticity.

more business these firms have, the more wages and the more taxes they pay—with the result that the entire community is that much more prosperous.

But the JC Oldtimers could hardly be expected to foot the bill. If Honolulu wanted Aloha Week, then Honolulu had to pony up the cash that was required to stage it.

The fact is that the flag was designed to the order of a commission made up of Benjamin Franklin, Benjamin Harrison and Thomas Lynch, appointed by the Continental congress in 1775.

Francis Hopkinson, a signer of the Declaration of Independence, is identified in most accounts as the designer of the flag. A member of the committee on design explained the significance of the first flag thus:

The stars of the new flag represent the new constellation of States rising in the West. The idea was taken from the constellation of Lyra, which in the land of Orpheus signifies harmony.

The blue in the field was taken from the edges of the Covenanters' banner, in Scotland, significant of the league covenant of the United Colonies against oppression, incidentally involving the virtues of vigilance, perseverance and justice.

The stars were disposed in a circle symbolizing the perpetuity of the union; the ring, like the serpent of the Egyptians, signifying eternity.

The thirteen stripes showed with the stars, the number of the United Colonies, and denoted the subordination of the States of the Union, as well as equality among themselves.

By presidential proclamation, today is Flag Day throughout the United States.

Only Pennsylvania among the states observes the day as a public holiday; elsewhere observance is informal and usually conducted by patriotic organizations. That is likewise the case in Hawaii.

The American flag is unique among national flags in that it changes when new states are created.

ROMULO DEFENDS TIEUP

WITH AMERICA, U. S. A.

MANILA, (AP)—Carlos P. Romulo, foreign affairs secretary, defended the alignment of the Philippines with the United States and United Nations.

This foreign policy has been under attack for months by ultra-nationalist Filipinos.

Romulo said a student meeting at Far Eastern university.

"Two worlds have grown around the two centers of power, the United States and the Soviet Union; the first moving steadily away from a concept of imperialism which we abhor, the second moving steadily toward a concept of imperialism which we fear."

WARTIME GUERRILLA LEADER WIFE DIES

MANILA, (AP)—Mrs. Rosalina G. Confesor, wife of Senator Tomas Confesor, wartime guerrilla leader, died of pneumonia. She was 37.

Senator and Mrs. Confesor returned only 10 days ago from a long stay in the United States.

LONG'S CHOICE FOR SECRETARY ALREADY MADE

Governor Long disclosed today that his recommendation of a new secretary of Hawaii already has gone to Washington.

He said he sent in four names but wouldn't say when they were sent, or tell anything about them.

At the same time he acknowledged that he told Rep. Misun Kido (D-Oahu), Wednesday, that the governor's office here and the interior department have held all legislators to be legally disqualified for the job.

The ruling also eliminates Senators Herbert K. H. Lee (D-Oahu) and Tom T. Okino (D-Hawaii).

Both were considered candidates for the post.

Mr. Kido, however, was considered a top candidate.

A DISAPPOINTMENT

"It's a keen disappointment," Rep. Kido said. "I felt that I had a good chance for the job if the atomic act could have been hurried."

"It is a great honor, however, even to have been considered for the post by Governor Long and the officials of interior department," he said.

The governor said Washington attorneys agree with the territorial attorney general's office in opposing the Hawaiian organic act to bar legislators from the secretaryship during the terms for which they were elected.

FOUR CANDIDATES EARLIER

News reports from high sources in the interior department early this week said the number of candidates had been trimmed to four, including Rep. Kido, Senator Okino, Welfare Director Ernest N. Kauhane.

Governor Long would give to him today whether these are the same four names that he sent off.

If so, the field now is narrowed to two by the elimination of the two legislators.

Governor Long talked by radio-phone Wednesday with Dale W. Doty, assistant interior that conversation today.

Ben Leland palace today are that Supervisor Kauhane, of pure Hawaiian ancestry, now has the inside track.

He has straddled the Democratic party split, and has never been active in either the right or left wing groups.

Mr. Leland on the other hand is a right-winger, the same faction as Governor Long, and his appointment reportedly would be unacceptable to the left wingers.

STANDPATTERS BITTER

Some Standpaters or left wingers even felt the appointee should be someone clearly in their ranks.

Circuit Judge Chuck Mau is being mentioned again now that

wounded.

Another Huk unit traded small arms fire with elements of the 6th Philippines battalion combat team two miles south of the U. S. air force base at Clark field before dawn today. It escaped.

The whole was the blending of various flags of the army and the white ones of the floating batteries. The red color, which in respect, we are not yet a full part of it.

Not until the Fourth of July after Hawaii is admitted to statehood will a new western star join the 48 others in the field of blue.

But though our star is still missing, we salute the flag today with all the fervor of true Americans everywhere, for our devotion to the country and the principles it symbolizes is no less real than that of our countrymen in the states.

Roman days was the signal of defiance, denoted daring; and the white purity.

For Hawaii, the flag has a special symbolism. There is no star in it for Hawaii. Though it flies over us, and we honor it and pay

HAWAII AIR GROUP REPORTS

PROGRESS IN CAPITAL TALKS

WASHINGTON.—A group representing the Hawaii Aeronautics commission reported "good progress" today in a series of conferences on three airport projects.

Commission Chairman Francis Silva told a reporter the four man delegation saw top level officials of the navy and civil aeronautics administration and made a promising start toward three objectives:

1.—To get the air force to cancel lease on the Hilo airport.

2.—To have Kahului airport on Maui, a former naval air station, transferred to the territory.

3.—To obtain an allotment under the federal aid airport program to permit construction of a permanent terminal building at Honolulu international airport during the 12 months beginning July 1, 1952.

Accompanying Mr. Silva were Randolph Lee, administrative assistant; Clark Kee, engineer; and Harold Rice.

Mr. Silva said improvements are needed both at Hilo and Kahului and the commission "wants to do it now."

A DEFENSE MOVE

The objective is to put the fields in first class shape so that if needed for national defense they can be returned to the armed forces in working condition.

The Hilo airport, Mr. Silva said, is the "ultimate field" for the military air transport service. But, he added, it needs a drainage project, a terminal, and high intensity lights.

At Kahului he said, there are

NEED SPECIAL LAW

The Kahului airport transfer, however, will require special congressional legislation because of a law prohibiting the armed forces from disposing of any more surplus property.

Mr. Silva said Chairman Carl Vinson (D-Ga) of the house armed services committee heard the delegation and asked Delegate Joseph R. Farrington (R-Hawaii) to prepare a bill.

Before leaving for Hawaii yesterday, Mr. Farrington arranged for the proposed legislation to be prepared for introduction.

Mr. Silva and Mr. Rice will return to Hawaii today, with Mr. Lee and Mr. Kee remaining for a few days.

TWO WHITEWASHES

IN 900 PIN LOOP

Two clean sweeps were scored in the 900 league at Honolulu Bowling Center Monday night.

Yoshimoto Contractors blanked Thompson Contractors and

Kusano Signs Whipped Mura-i Furniture.

In other matches, Acme Golf Label edged Varsity Store, Primo Beer defeated Miller High Life, Watkins Bakery noted out Car Service and House of Sporting Goods topped Sunny Chang Florist—all by 21 counts.

Top series bowled Monday were Dan Kalekiki with 826 and Glen Young with 611. Best efforts in the single game department were by Bill Beatty with 244 and Johnny Santos with 236.

HORTON SMITH FAILS IN QUALIFYING ROUND FOR P.G.A. TOURNEY

NEW YORK.—Horton Smith, long one of the leading figures in professional golf for the second straight year can't play in the annual PGA tournament.

The 43 year old Detroit professional secretary of the Professional Golfers association, failed to qualify again Monday as more berths were filled in the field that will vie at Pittsburgh June 27 through July 5.

Smith, two time winner of the great putters of the game, shot rounds of 82-78-160 in the Michigan sectional trials at Detroit.

BYRD QUALIFIES

Sam Byrd, Babe Ruth's understudy with the Yankees who led baseball to win fame and fortune, was among the five Detroit qualifiers with a 73-71-144. Max Evans led the tests with 69-73-142.

The hottest 36 holes of the day were turned in by Rod MacArthur of the York Country club, who cracked the Bala course record at Philadelphia to lead 60 qualifiers in the Pennsylvania test.

Monday, putting with both left and right hands and occasionally with both, fired a 65 and 66 for 131. Both rounds bettered the course record of 67.

Elsworth Wins qualified at Los Angeles with a consistent 60-70-140.

TWO HUK CLASHES

MANILA — A Philippines army patrol clashed briefly yesterday with 15 Comm

south of the U. S. aava reservation at Subic Bay.

The Huks retreated. Bloodstains indicated some were

P. I. GOVERNMENT

SEEKS TO HOLD

MANILA RAILROAD

MANILA, (AP)—A government committee proposed sale of the Manila hotel and some other properties of the Manila Railroad Co. in order to pay interests of English bondholders in the railroad.

The railroad's overdue bonds and interest amount to 39,046,000 pesos (\$19,523,000).

The committee recommended that bondholders be paid \$6,875,000 pesos (\$3,437,8950) in complete settlement.

The committee, headed by Finance Secretary Pio Pedrosa, estimated the Manila hotel could be sold for 15,000,000 pesos (\$5,500,000) and that other properties, such as the New Pines hotel at Baguio, would bring enough cash to complete the settlement.

The committee voted that no interest be paid on the bonds for the Japanese occupation period and the year immediately after when the U. S. army operated the railroad.

The Manila hotel is one of the few Philippines government-owned enterprises which has shown profit. The railroad is losing money.

TO HALT SMUGGLING

MANILA, (AP)—President P. I. NAVY SEEKS

Elpidio Quirino ordered establishment of a navy station in the Sulu islands to halt smuggling.

The Sulu archipelago is at the southwest tip of the Philippines.

Informants quoted the president as saying sugar, copra and gold were being exported illegally, largely to Communist China, and smugglers were bringing in banned luxury items.

P. I. POLITICAL PARTY ATTACKS U. S. POLICY

MANILA — Claro M. Recto, spokesman of the Nacionalista (minority) party, today bitterly attacked American policy in the far east as "vacillating," Recto said in an address.

He demanded that the Philippines receive iron-clad guarantees for its defense or adopt strict neutrality.

"As a result of the MacArthur controversy, not even the Americans seem to be sure what their foreign policy is or should be," Recto said in an address.

American Brewing Co., Ltd., Honolulu, T. H.

SUCCESS DEPENDS ON TEAMWORK

In any effort involving men, whether it be a game or a business, it takes everybody working together to produce success. On the occasion of its 50th anniversary the Hawaiian Pineapple Company is more keenly aware than ever of the debt it owes to the system of free enterprise, to the community of Hawaii, and to the hundreds of thousands of people employees, stockholders, brokers, customers supplier, and consumers—who are responsible for its 50 years of progress.

Hawaiian Pineapple Company, Ltd.

GIRL, 4, KILLED TRYING TO RESCUE DOLL IN HOUSE FIRE

CHICAGO — Four year old Geraldine Tuzik died today, trying to rescue her doll from a fire that destroyed two buildings and damaged four others.

The fire broke out on a porch in the two story frame building where Geraldine lived with her parents, Mr. and Mrs. Raymond Tuzik, and her brothers and sister, Daniel, 5, Judith, 6, and Roger, 4 months.

The flames spread quickly to two other two story buildings and two adjoining cottages.

Freight handlers working across the street beat on the doors of the buildings, arousing the occupants.

Tuzik and his wife, Veronica, shepherded their family safely to the street when Geraldine suddenly shouted:

"My doll! She's burning up in there."

The little girl eluded the freight men who tried to hold her back, dashed back into the building.

Firemen found her in a front bedroom, dead of asphyxiation.

The doll lay a few feet away.

NEW H.T. FARE SYSTEM GOES INTO EFFECT SATURDAY

The new zoning and bus rates come effective Saturday on all Honolulu Rapid Transit lines.

The rates and zoning system was approved last month by the public utilities commission.

The new ticket fares are on sale now by the company and in a number of the larger downtown and neighborhood stores at a cost of 2 for 21 cents or 10 for \$1.05.

Zone fare tickets, to be used when crossing from one zone into another, may also be purchased at a cost of 5 for 15 cents.

Three zones have been designated. Zone No. 1 being the town of central area, zone No. 2 the Pearl Harbor area and zone No. 3 is the Kahala-Kulouou area.

Passengers crossing from one zone to another will be required to drop the zone fare ticket into the fare box.

Zone boundaries are located at Nimitz highway and Kam Access Rd. for entry into the Pearl Harbor area, and Keolu Loop terminus for the Kailua line entry into the Kailua district, with another zone limit being located at Kulamann St. and Diamond Head Rd. for patrons entering the Kahala-Kulouou areas.

Dr. Thomas Eldy, vice president and manager of HRT said that since tickets went on sale to the public yesterday morning, many thousands have been purchased.

LONG SETS SUNDAY AS FATHER'S DAY

Governor Owen E. Long officially has proclaimed Sunday, to be Father's day.

IN A PROCLAMATION issued from his office, the governor emphasized the theme of the holiday, "A good home means good citizenship," and the part which fathers have played in building American democracy at home.

Governor Long called upon citizens of the Territory to display the flag, and observe the day in worship, "so that every day in the year may have the blessings that flow from good fatherhood and a strong family life."

FALSE CONCEPTS AROUSING U.S. MACARTHUR SAYS

DALLAS, Tex. — Gen. MacArthur in two fiery speeches today asserted that the American people are aroused over government by "false concepts" and propaganda, and said if his relief from his far eastern command was the spark which ignited this wave of opinion he would be thankful to "a far-seeing and merciful providence."

MacArthur in an address in the huge Dallas cotton bowl last night told Americans the correction of government by propaganda "rest in our own hands." He said no administration in a republic "can long defy the public opinion when adequately and vigorously expressed."

His Dallas message echoed the appeal he made to the people in his Alamo speech at San Antonio earlier in the day to "end invisible government based upon truth."

MacArthur tonight suggested that the Truman administration's employment of what he termed propaganda to "weaken our faith in ourselves and to weaken the faith of others in us" was a sign of "a general moral deterioration in administration."

NAVY PLANE CRASH KILLS 3 NEAR MANILA

MANILA, Philippines. — A twin-engine U.S. navy sea plane crashed and burned on landing at the naval air station at Sangley point tonight, killing three of the 18 persons aboard.

The plane had carried five officers and 13 enlisted men on what was described as a routine flight. The dead, whose names were withheld, were all enlisted

MACARTHUR MAY ANSWER POLICY CRITICS WASHINGTON

WASHINGTON. — Gen. MacArthur was invited back to the capitol to answer his critics today as former defense secretary Louis Johnson accused the state department of once trying to "destroy" Nationalist China.

Chairman Richard B. Russell, D. Ga., of the senate committee investigating MacArthur's recall announced that the general, now on a Texas speaking tour, will be given a chance to reply to testimony of the joint chiefs of staff and other administration officials.

SEVERAL Republican senators have demanded MacArthur's reappearance. They want him to put on the record his opposition to Secretary of State Dean Acheson's interpretation of the famed MacArthur - Wedemeyer - Spurnace memorandum. Acheson said the memo indicated the three men favored a Communist-Nationalist coalition government in China.

The decision to let MacArthur testify again was reached shortly after Johnson concluded two days of testimony before the committee—most of it directed at Acheson and U.S. Far Eastern policy. Simultaneously, plans to close the hearings within two weeks were disclosed.

JOHNSON testified that the state department's 1949 white paper on China was an effort to "destroy" Nationalist China and said he was "continually surprised" for trying to get U.S. aid to Chiang Kai-shek on Formosa.

In a sharp new attack on Acheson, Johnson declared that "political pressure" from the state department caused the joint chiefs of staff to oppose his September, 1949, plan to dispatch a

ALOHA WEEK DATE CHANGES AVOID CHEST DRIVE CONFLICT

Slightly revised dates have been proposed for Aloha Week and representatives of the Honolulu Community Chest.

The week will officially begin Monday, October 15. But it has one week of active campaigning, originally aimed to start Wednesday, October 17, will get underway Thursday, October 18.

The revision was decided on at a meeting Thursday afternoon at a meeting Thursday afternoon.

This revised date is subject to ratification by the general executive committee. But ratification is said to be certain.

At Thursday's meeting were Reginald W. Carter, manager of the community chest; Manuel Dapiste, president; Horace W. B. White, and Willard L. Loefer, 1951 chest campaign manager.

It will run through Sunday night, October 21.

The revision was decided on at a meeting Thursday afternoon at a meeting Thursday afternoon.

HAUWU GIRL WINS TIME MAGAZINE'S NATIONAL CONTEST

Special to the Star-Bulletin (COLLEGE) WOMAN'S COLLEGE, Denver, Colo.— Connie Duacug of Hawaii, a senior at Colorado Woman's college, has won the annual Time current affairs contest sponsored by Time magazine.

She made a perfect score of 100 in competition with 12,000 participants from 125 junior colleges throughout the country.

Miss Duacug is the daughter of Mr. and Mrs. Amanda Duacug of Kailua, Oahu.

She is a business education major at CWC and was graduated with the degree of associate of arts May 30.

In addition Connie is a member of Tri Chi, business education club; Alpha Pi Epsilon, national honorary business fraternity; secretary-treasurer of Student Christian association; International Relations club and Delta Tau Kappa, honorary leadership fraternity.

He said he took the microphone there and told the crowd to continue with their donations to the community.

To the supervisors he said: "I'll see to it that the rights of those people will be protected. I think I have that right. I won't turn down any request."

"If I meddle, it is not my selfish intent," he said.

He twice read a Star-Bulletin headline on the matter to the supervisors. "I didn't know I was that important," he said.

He thanked The Star-Bulletin for giving him a chance to answer the police chief's charges at the same time the charges were published in this newspaper.

"I've been a member of the police department reserve since 1942," he said. "I'm a friend of the police department, but I believe their use of demarcation in this lottery matter is too fine."

In answer to police charges that he had threatened to hold up department raises, Dr. Apolonia explained, "I may have made such statements but they were made jokingly."

Under the law, the three elements of a lottery are: a prize must be given; a chance taken; payment made for the chance.

Supervisor Apolonia claims in the Waialua case payment was not made because customers could donate to the community without necessarily taking a chance on the car.

"I know all about lotteries," he asserted. "I've bought sweepstakes tickets in the past."

The automobile was not raffled because police announced in advance that arrests would be made if the car were given away.

The mayor's initial reaction to the letter was to tell the freshman supervisor, "See how easy it is to get into trouble."

Birthday greetings also goes to Frankie Cabasag, second son of Mr. and Mrs. Gregorio Cabasag of Waipahu, who became 25 years old on May 13, 1951.

Frank known as Eeco, recently returned from Miami, Florida and is now employed by the Navy at Pearl Harbor.

Eeco, don't you think it's about time you find a companion for your self?

MR. CHARIE VILLANUEVA

Mr. Villanueva was appointed as a representative of the Kapioiani Furniture whinnifaces at Kapiolani Blvd.

He was born and educated in the Philippines and is married. He was formerly connected with Colman & Co.

His connection with Kapiolani Furniture was one of his dreams to give his countrymen and friends a better service and a better appliance for their money.

Mr. Villanueva, extends his invitation to his many friends, to show what he means in giving a better service and better appliance for their money.

The Kapiolani Furniture Co. Ltd. is located at 1440 Kapiolani Blvd.

FORMER GOVERNOR GENERAL OF P. TO BE VISITOR

Francis Burton Harrison, former governor general of the Philippines, will be a visitor here briefly.

He and Mrs. Harrison are on the De La Rama Steamship Co.'s steamer Dona Aurora. They are enroute to the States. The Dona Aurora will be in Honolulu harbor about 4 this afternoon and will be met by representatives of the Philippine consulate general here.

The greeting party will be taking a tank of oxygen aboard the ship for the former congressman, Emilio de la Paz of the Philippines, who is going to the mainland for medical treatment.

The master of the Dona Aurora radioed authorities here of the need for oxygen for Mr. de la Paz.

For his long and friendly service to the Filipinos, Mr. Harrison is rated by them as a national hero.

Mr. Harrison, 77½ years old, is a semi-invalid. He lives quietly in Manila with his wife, a Filipino. He long ago retired from public life. He served as adviser to both the late President Quezon and to President Epifanio Quirón.

When in New York, he was a member of the U.S. house of representatives from 1902 to 1904 and from 1906 to 1913. He was governor general of the Philippines from 1913 to 1921.

The Harrisons are going to New York and has announced that he will settle in the United States for good.

Also on the Dona Aurora is Congressman Emilio de la Paz of the Philippines, who is going to the states for medical treatment.

ENGAGEMENT ANNOUNCED

The engagement of Miss Angeline Cabasag to Patricio (Pat) Calvo of Ewa has been announced by her parents, Mr. and Mrs. Gregorio Cabasag of Camp 2, House 703, Waipahu.

The prospective bridegroom is the fourth and last son of Mr. and Mrs. Manuel Calvo of "B" Village, House #32, Ewa.

Miss Cabasag is a graduate of Waipahu High School, class of 1950.

SOCIAL NEWS-NOTES

SOCIAL GATHERINGS CELEBRATED

A huge crowd gathered at the residence of Sunny Estomai in California Avenue, Wahiawa, who celebrated his 20th birthday, on May 12, 1951.

Delicious roast pig and other types of Filipino dishes were being served.

Two string orchestras furnished good dancing music and entertainments were being made to help Sunny celebrate this eventful day.

On the same day Mrs. Carol Aguinale also celebrated her birthday. She became 19 years old.

A large crowd gathered at her sister's home, Mrs. Dolores Lontaya at Korean Camp, Ewa. The 3 Roses orchestra along with their vocalists furnished the music and entertainment.

Many happy returns for both Sunny and Carol on their birthdays!

PASSING OUT CIGARS

Seen passing cigars to friends was Sonny Escorzon, son of Mr. and Mrs. Amanda Escorzon, presently of Wapialua, who became a father of a boy.

His lovely wife, the former Connie Amante of Paia, Maui, is now residing at home with baby Patrick Norman, at Camp 2, Waipahu.

The baptismal party was held at their residence on May 6, 1951, at which the well-known Whitmore Serenaders and Three Roses Orchestra furnished the music.

Their newly born son was christened at the Waipahu St. Joseph's Church.

Sponsors were: Rofino Suelo; Taurino Layugan, Jesus Agapay, Mrs. Lucille Ream of Paia, Maui, Mrs. Rosaline Cortan of Paia, Maui, Mrs. Julia Delatan and Genevieve Romo. Many were present at this

Congratulations to both Angie and Pat on their engagement.

These 10 students took part in McKinley high Y. Teragawachi, Lillian M. Tanimura, Richard school's commencement exercise Sunday after T. Nakamura, Jane K. Akanine, Raymond E. noon on the school campus. Left to right, they Inouye, Alma Y. Ishida, Yuriko Kohara and are William K. Lau, Byvime C. P. Lee, Evelyn Frank K. Uyehara—Star-Bulletin photo.

WEDDINGS

Heard exchanging vows were Jeannie Atay of Sakuma Camp, Waipahu, and Eugene Lovelace, on April 14, 1951 at the St. Joseph's Parish in Waipahu.

Best man was Joe Gusman; maid-of-honor was Bernice Offin; bridesmaids were the Misses Edeline Atay; Leah Alibon; Angelina Calasag; Irene Gosie; Ushlers were David Atay; Herman Alporque; and Pat Calasag.

Congratulations to Mr. and Mrs. Eugene Lovelace.

NINETY-NINE YEARS OF DEPENDABLE SERVICE

CONFESOR, P.I. GUERRILLA HERO DIES IN MANILA

By Frank H. White
MANILA, June 6—Senator Tomas Confesor, noted World War II guerrilla leader on Panay Island, died in Manila tonight of a heart attack.

Confesor's wife died two weeks ago shortly after they had returned to the Philippines from San Francisco. The 60-year-old political leader had been under a physician's care there for several months.

President Elpidio Quirino is stated a statement declaring he was grieved and shocked, to learn of Confesor's untimely death. He said the country had lost a legislator, a statesman, a patriot and an outstanding guerrilla leader.

LOSS IS MOURNED
"I join my countrymen in mourning the passing of a great Filipino," the president said.

Confesor frequently took issue with the Quirino administration. He was mentioned prominently as a Nationalist minority candidate

for president in 1949 but failed to win the nomination. He then joined the party and supported Quirino.

Murder charges were filed against Confesor after the war, accusing him of causing the death of two Filipino officials who collaborated with the Japanese during the occupation. The charges were dismissed.

CONCILIATOR SAYS PINEAPPLE STRIKE TALKS TO CONTINUE

Ronald B. Jamieson, territorial conciliator, said today he's "still in the picture" and plans more conferences in the Lanai pineapple strike, 100 days old today.

A majority of the 800 striking employees of the Hawaiian Pineapple Co., May 31 rejected settlement terms worked out by Mr. Jamieson with company and ILWU negotiators in Honolulu.

Mr. Jamieson said he has had several talks since then with company and union officials here.

The conciliator said he plans to report on his work to Governor Long in a day or so.

He was sworn in as conciliator

on March 1, two days after the Lanai strike began over union demands for a better contract than that accepted by ILWU pineapple units elsewhere in the industry.

HONOLULU MAN FINED IN JAPAN FOR SMUGGLING

YOKOHAMA, June 6—The Japanese customs department today fined Herbert Kenichi Fujimoto, 46, Honolulu, 160,000 yen (4,467) for illegal sale of streptomycin. Kyodo news agency reported.

The Nisei trader admitted he brought in the drug, intending to sell it for 320,000 yen.

Mr. Fujimoto, president of the Lucky Trading Co., of Honolulu, expects to return to Hawaii Thursday after payment of his fine.

Police uncovered the case when they arrested Hiroshi Endo, 39, manager of the company's Tokyo office. Mr. Fujimoto, head of the firm, then accepted responsibility.

Thousands owed as little as 15 cents.

It cost more than that to process the paper work incidental to collecting the tax, Mr. Westly said.

Under the new plan, a married man earning as much as \$5,000 won't be required to file the return.

PAYROLL DEDUCTION
His taxes and they are now—will be collected through the payroll deduction system under new income tax laws.

The base figure—under which no return will be necessary—has not been determined yet. But Mr. Westly says it may be as high as \$7,000.

Other factors will be taken into consideration in setting up the regulations.

The new plan also clarifies a dozen other phases which have plagued the tax office for several years.

The commissioner says the legislature's action went a long way toward modernizing the tax collection system.

KOREA REPRESENTATIVE WARNS DIVIDED NATION NO SOLUTION

A negotiated peace of the Korean war which would leave Korea halved by the 38th parallel as it was before the war would be "a most disastrous waste of millions of lives," Dong Sung Kim, member of the Korean goodwill mission, said Tuesday.

He asserted the situation in Korea is "right back where it was one year ago," after a number of crossings of the parallel by United Nations forces, and a negotiated peace now would represent nothing but "utter futility."

Mr. Kim arrived in Honolulu Monday night from the mainland. He is due to leave tonight for Manila and Formosa before returning to Pusan.

A member of the Korean legislative assembly and former public information officer for the

NEW T. H. TAN PLAN ELIMINATES RETURN FILING FOR THOUSANDS

Tax Commissioner T. H. Tan Westly says some 35,000 persons who file annual tax returns won't have to file them next year.

New regulations will be drawn before the end of this year to screen out those taxpayers who file returns but owe no taxes.

The new procedures are authorized under Act 166, signed into law by Governor Long.

The law will enable the tax office to save thousands of dollars and man hours in the spring of 1952, when taxpayers begin lining up to settle their financial affairs with the territory before the March 30 deadline.

The commissioner says most taxpayers affected are small wage or salary earners and small businessmen.

Under previous laws all persons who earned more than \$2,800 were required to file a return, whether they owed any taxes or not.

Thousands owed as little as 15 cents.

It cost more than that to process the paper work incidental to collecting the tax, Mr. Westly said.

Under the new plan, a married man earning as much as \$5,000 won't be required to file the return.

PAYROLL DEDUCTION
His taxes and they are now—will be collected through the payroll deduction system under new income tax laws.

The base figure—under which no return will be necessary—has not been determined yet. But Mr. Westly says it may be as high as \$7,000.

Other factors will be taken into consideration in setting up the regulations.

The new plan also clarifies a dozen other phases which have plagued the tax office for several years.

The commissioner says the legislature's action went a long way toward modernizing the tax collection system.

KOREA REPRESENTATIVE WARNS DIVIDED NATION NO SOLUTION

A negotiated peace of the Korean war which would leave Korea halved by the 38th parallel as it was before the war would be "a most disastrous waste of millions of lives," Dong Sung Kim, member of the Korean goodwill mission, said Tuesday.

He asserted the situation in Korea is "right back where it was one year ago," after a number of crossings of the parallel by United Nations forces, and a negotiated peace now would represent nothing but "utter futility."

Mr. Kim arrived in Honolulu Monday night from the mainland. He is due to leave tonight for Manila and Formosa before returning to Pusan.

A member of the Korean legislative assembly and former public information officer for the

Korean Republic, he was one of 20 persons elected at a meeting February of civic organization representatives in Korea.

TOUR OF U.N. COUNTRIES
The two people, Mr. Kim and Dr. Helen Kim, were elected to make a good will mission to all United Nations countries aiding Korea. Dr. Kim passed through here a week ago on her way back to Korea. They have been traveling since April.

For lack of funds, the trip was restricted to the United States, Philippines and to Formosa.

In addition to U.N. casualties, Mr. Kim said that about 2,000,000 Koreans have been killed in the last 11 months from a post-war Korean population of 80,000,000.

The number of deaths is equivalent to four times the population of Hawaii.

ASK MORE EQUIPMENT
He also voiced a strong appeal for more equipment for Republic of Korea forces.

Mr. Kim said that the people of Hawaii, particularly the approximately 7,000 members of the Korean community, "continue to aid us."

He expressed appreciation for the more than 10,000 and about 20,000 tons of clothing gathered in Hawaii for Korea, and said that "Hawaii is the cradle of Korean independence."

PRESS RELEASE
Maj. General Lewis B. Hershey, Director of Selective Service, announced today that the deadline of May 15 for submitting applications to take the Selective Service College Qualification Test has been extended to May 25.

"All applications must be received no later than midnight, May 25," General Hershey said. The application blanks may be obtained by a registrant at any local board of office, regardless of whether or not it is the board which has jurisdiction over him.

Selective Service officials reported that "the books have been closed" for the May 26 test.

Remaining applicants will be tested on June 16 or June 30, except those whose religious beliefs prevent them taking the test on a Saturday. A special test is to be conducted for this group on Thursday, July 12. The final May 25 deadline will apply to the July 12 test, as well as to the earlier tests.

T. Student Classification
Plan provides that local board consideration of college and university student deferment will be based upon capacity to learn as demonstrated by the test score.

On school scholastic performance as evidenced by class standing.

These criteria are variables, it has been pointed out, which may be raised or lowered to either increase or decrease the number of students in training, as the national interest may require.

The tests, to be administered by the Educational Testing Service

Princeton, New Jersey, will be given at approximately 1,200 examination centers throughout the United States and its Territories in Hawaii, the examination center will be the University of Hawaii.

Those eligible to take the tests are college seniors and others participating entrance into graduate or professional schools, and older students who have already begun and plan to continue their college studies.

TRUMAN MAY BE CALLED IN 1952
DOUGLAS SAYS
WASHINGTON, (UP)—Senator Charles McNamara, D., Ill., said that President Truman "may be called in 1952 to champion his controversial Far Eastern policies."

Douglas also promised a house-cleaning in "other departments" of the government besides the Reconstruction Finance Corp., and said the nation should consider World War III "the most probable event" and prepare accordingly.

Douglas, who has himself been mentioned as a possible Democratic presidential nominee despite his insistence he is not qualified, said that up to last month Mr. Truman "probably did not intend to run again."

But it is possible that the controversy over Far Eastern policy has become so acute that he may feel it necessary to run in order to vindicate his position," he said.

MANY P. I. WAR VETS TO RECEIVE BENEFITS
Burial benefits for a potential third of a million Philippine veterans who served with United States forces during World War II have been authorized by a law signed April 27 by the president.

Under the act, the veterans administration may reimburse families for burial expenses of deceased veterans with the required war time service, up to a maximum of 150 Philippine pesos.

Burial expenses may include the cost of the funeral, as well as preparation and transportation of the body. VA also may furnish a flag to drape the casket.

The new law has a retroactive provision, authorizing VA to reimburse burial expenses for Philippine veterans' death that occurred any time after July 26, 1941. That was the date President Roosevelt issued a military order placing organized military forces of the Philippine Commonwealth under the American armed forces.

Data of requirement or burial benefits may be obtained from the VA.

Ernest Sylva, 117 pounds, disclosed Solomon Dela Cruz in a four round preliminary bout.

THE PHILIPPINES HERALD
MANILA, Thursday, May 10, 1951
SENATE SLASHES BUDGET

2 CABINET POSTS CUT LEGATIONS OF ARGENTINA, LONDON AND AUSTRALIA CONVERTED TO MERGERS

SENATE SLASHES BUDGET
The Senate appropriations committee yesterday decided to reduce the salaries of the budget commissioner and the social welfare administrator from \$12,000 to \$10,000 per annum and remove them as cabinet-rank officials.

Under this plan both Budget Commissioner Pio Joven and Mrs. Asuncion Perez, social welfare administrator, will be reduced to the rank of under-secretary.

Austerity Policy Set
The senate appropriations committee also slashed by about \$45,000,000 the national budget totaling \$403,324,835 already approved by the lower house.

These decisions were announced by Senator Benigno Tria Tirona, chairman of the senate appropriations committee, who said the senate was bent on pushing through the following economy policies:

1. Forced savings of 7 per cent in all departments and offices of the government including congress.

2. General reduction of 10 per cent for all salary, mileage, and special funds for all officials in the government, including congress.

3. Elimination of all new positions not contained in the current appropriations act with certain exceptions.

Pruning Knife Applied
With the adoption of these three general policies, the senate appropriations committee applied the pruning knife on numerous items including:

1. Elimination of the \$500,000 contingent fund for the executive department of the government and the \$100,000 contingent fund for the two houses of congress.

2. Conversion of the legations in Argentina, London and Australia mere skeleton forces which will be under the charge of consuls general or charges d'affaires.

3. The sale at public auction of all Laguna cottages except the Mansion House, Guest House, and the Vice President's house, and the cottages of the president of the senate, the speaker of the house and the chief justice.

Compromise Move
The action taken on the office of the budget commissioner is a sort of compromise as Senator Quintin Paredes wanted to convert the office into a mere division in the department of finance. The reduction of the commissioner's salary automatically reduced the deputy commissioner's item from P9,000 to P7,200. Corresponding reductions will be made down the line.

The move of the senate committee yesterday regarding the legations in Argentina, London and Australia may lead to the eventual abolition of those missions, it was gathered.

The PACSA (President's Action Commission for Social Amelioration) was also unanimously abolished and the proposal to make an annual grant of P1,000,000 to the Philippine Red Cross to undertake the PACSA's work was also approved in principle.

Paredes Denounces Labor Dept. Brass
Senator Quintin Paredes yesterday denounced alleged dictatorial and arbitrary interference of public lands and Hugh W. by certain officials of the department of labor in the legitimate activities of labor organizations seeking to obtain rather than promote the normal development of labor.

The said department officials have been trying to coerce labor unions also affiliating with the NACU, which was founded by a ranking official of the department.

Senator Paredes yesterday filed a senate bill designed to curb these ill-effects of labor unionism in the Philippines. The first bill of this kind is a joint government-nation from accepting membership or positions, honorary or otherwise, in any labor organization, or to encourage or discourage membership in any labor organization or union.

The second bill outlines the method or procedure for a trial or hearing before certificates of registration of any labor organization or union may be cancelled or withdrawn.

Ask for Restoration of Writ
Senators Lorenzo Tanada, Claudio Orosa and Eustacio R. Masaracan yesterday filed a senate resolution asking for the restoration of the writ of habeas corpus five months before the November elections.

As a corollary, the same senators filed a senate bill providing for the extension of the period of detention from six hours to six months before information may be filed in the courts. This bill would be made effective immediately upon restoration of the writ of habeas corpus but would apply only to those already detained or arrested at the time of writ's restoration.

These last two bills would enable the armed forces to hold on to the men already under arrest for subversive activities against the government.

Approve Six Bills
The senate at its session yesterday approved six bills on second reading. They included:

S. No. 274—Amending section 271 of the revised administrative code. (Re leave of absence of judges of the court of first instance.)

S. No. 259—Creating an industry court.

S. No. 250—Fixing the salaries of physicians under the department of health.

S. No. 276—Amending certain sections of Rep. Act No. 416, otherwise known as the charter of the Philippine normal college.

S. No. 278—Reorganizing the general auditing office.

S. No. 1747—Temporary ratification to Paniqui sugar mill.

The Francisco debt prorogation bill was returned to the committee, practically killing it, upon motion of Senator Ramon Torres and seconded by Senator Vicente Francisco himself.

T. H. SECRETARY APPOINTMENT SAID DUE SOON
A high interior department official said today a new secretary for Hawaii is expected to be appointed within two weeks.

The department is still awaiting the recommendation of Governor Oren E. Long.

Seven listed here as candidates are Noble Kaahane, city-county supervisor; Ernest N. Heen, territorial welfare director; Senator Ramon T. Orosa of Hawaii; Representative Kido, member of the territorial legislature from Oahu; Thomas B. Vance, director of territorial institutions; Frank G. Lerry, territorial commissioner for public lands and Hugh W. Lytle, Honolulu newspaperman.

APOLLOA ANSWERS POLICE CHIEF IN SPEECH BEFORE SUPERVISORS

Superior Samuel K. Apolonia Jr. answered Police Chief Dan Loe's complaints of interference, threats and intimidation in a speech before the mayor and supervisors Tuesday afternoon.

The freshman Republican supervisor was accused in a letter from Chief Loe to the mayor and board, of "meddling" in police affairs after the police stopped an alleged lottery at the Waihua fair Saturday.

In reference to the attention given the dispute Dr. Apolonia said, "I can take it. I'm big enough."

After a few minutes of wrangling, the board decided to defer action on the police chief's letter until it has a chance to study the matter.

Democratic supervisors won this point over the opposition of Mayor Wilson and Republican Supervisor Nicholas T. Teves who wanted the matter turned over to the public prosecutor.

Shortly before his speech in defense of his opinion, Dr. Apolonia had been congratulated by the board on his 44th birthday.

But his birthday present was Chief Loe's letter to the mayor asking that something be done to keep the supervisor from meddling in police affairs.

Apolonia defended his position by contending that he was looking after the rights of citizens. He declared that the Waihua car drawing was no more a lottery than a raffle of an automobile at the 49th State Fair.

Referring to the 49th State Fair giveaway, Dr. Apolonia in a question aimed at the police demanded:

"Do you dismiss this as water under the dam?"

Dr. Apolonia said Prosecuting Attorney Allen R. Hawkins had declared the 49th State Fair car drawing a "lottery."

The freshman supervisor was at the Waihua fair Saturday night when the car was to be raffled.

BENZ APPOINTED T.P.A. DIRECTOR

Appointment of David A. Benz, long time resident of Honolulu, as executive vice president and director of Trans-Pacific Airlines, Ltd., was announced Monday by Ruddy P. Tong, president and chairman of the board of directors.

Mr. Benz has held the position of executive vice president since August 29, 1950. The appointment was confirmed at the annual general meeting of TPA stockholders on May 28 when he was also elected a director.

Prior to his latest appointment, Mr. Benz served as assistant to the president from September, 1949.

He has been associated with TPA since its organization in 1946, his chief work lying in the fields of advertising, traffic promotion and personnel.

Prior to the war, Mr. Benz worked as a newspaperman in Honolulu and in Shanghai, China.

Mr. and Mrs. Benz make their home at 1503 Paula drive. Mrs. Benz formerly was a supervisor of nurses at Leahi hospital.

News

One of the arrivals in San Francisco about the "Presidential Cleveland" on Friday, May 4, was Mrs. Marina Lopez de Joya, a Filipino woman lawyer. She is on a six-month round-the-world tour with her husband and child.

The former Marina T. Lopez of Cabanatuan, Nueva Ecija, is a professor of civil law and Dean of Women at the Quezon College in Manila. A practicing attorney, she is a member of the Philippine Bar.

Born on June 23, 1917 in Cabanatuan, Nueva Ecija, Mrs. de Joya finished her high school in 1934 at the Ghent College in Manila, and her Associate in Arts degree at St. Theresa's College in 1936. She was graduated from the University of the Philippines in 1940 with the degree of Bachelor of Laws. In 1941 she had obtained her master of laws degree from the University of Santo Tomas, and in 1950 she had her Bachelor of Arts degree leading to Foreign Service. She intends during her jaunt to take her doctorate at Georgetown University.

Mrs. de Joya is an active officer and member of eight Philippine civic organizations. She is treasurer of the Women Lawyers Association of the Philippines; member, Women Lawyers Association of the University of the Philippines; member, league of

P. I. VETS WARN OF TROUBLE IF LANDS AREN'T SOLD
MANILA—A group of Filipino veterans representing thousands who settled on the former Japanese owned lands in the Davao region of Mindanao called on congress today with a warning that "serious trouble" will result if the government fails to carry out its promise to sell to them at \$20 per hectare (2.2 acres).

Most of the Japanese lands were devoted to cultivation of abaca (manila hemp) which is bringing a high price as a critical strategic material.

Thousands of veterans seized the opportunity offered them by the Philippines government to settle the Japanese property shortly after the liberation.

Most of them have been virtually squatting on their choice sites while awaiting unravelling of government red tape so that they could make their payments and obtain titles.

Women's Voters of the Philippines; member, International League of Women of the Philippines; member, Women's Club of the Philippines; and member, Catholic Women's Club.

She is the eldest of four children (the other three are boys, all professionals) of Mercedes Tombo Lopez of Cabanatuan, Nueva Ecija, and of Saturnino Lopez, a former division engineer of the City of Manila. She is married to Atty. Alberto de Joya, son of former justice of the Supreme Court Mariano de Joya. The de Joyas have two children, both girls. One, a 7-year old girl, is now third grade at the St. Paul's College in Manila; the other is 7 months old.

This is Mrs. de Joya's first trip to San Francisco; her husband's second. Asked how she likes San Francisco, Mrs. de Joya said an expressive: "Very nice. The weather is just fine... Everything here is just wonderful!" The de Joyas are staying in the city for a week.

The report that the Communist-Hukbalahap uprising is a threat to the security of the government of the Philippines was belied by Mariano Villanueva, former member of the Philippine House of Representatives and at present Register of Deeds in the City of Manila, who arrived in San Francisco on the S. S. President Cleveland on Friday, May 4.

Villanueva said, the Philippine Army has taken the initiative from the disturbers of peace who are now degenerating on the defensive. He predicted that the so-called Hukbalahap problem will be fully liquidated sooner than expected "as American financial and military aid begin to pour into the islands."

2 PHILIPPINE EDUCATORS VISIT HAWAII BRIEFLY

Honolulu had two visitors Monday from the Philippines who are traveling to the continental U.S. Educational foundation.

They are Miguel B. Gaudin, division superintendent for the division of Cagayan, northern Luzon, and Francisco Trinidad managing director of DZFM, one of the big radio stations of Manila.

Mr. Gaudin, one of the leading educators of the Philippines, and long experienced in public school administration, has been awarded a "leader grant" under the Smith-Mundt act.

This act extends federal aid from funds appropriated by the U.S. congress, to advance cultural, scientific, educational and other projects and programs in certain foreign countries.

Mr. Trinidad has a similar grant, the one to him applying specially to the field of radio broadcasting.

They arrived late Sunday by plane from Manila via Tokyo. They left last night by plane for San Francisco.

Mr. Gaudin will go direct to Washington to confer with U.S. department of education officials and others, and will spend most of his time in the east. He expects to be about six months in the states.

Mr. Trinidad will spend two or three weeks on the west coast, mostly in and around the big radio stations and television centers and then will go to New York and Washington.

They were entertained at a luncheon Monday by Riley H. Allen, editor of The Star-Bulletin. They were guests at the Pacific club.

Other guests include Dr. W. Harold Loper, superintendent of public instruction, and A.G. Ferrer of the Philippine consulate.

CONGRESSMAN GETS SUSPENDED SENTENCE AND FINE OF \$5,000

WASHINGTON—Walter E. Brehm / received a suspended jail sentence of five to 15 months and was fined \$5,000 for illegally accepting \$1,000 in campaign gifts.

The sentence was pronounced by Federal Judge Burgess S. Matthews, before whom Brehm was convicted by a jury April 30.

The 58 year old lawmaker turned down an opportunity offered him by the judge to say anything he wished before hearing the sentence.

Brehm is serving his fifth term in congress.
